Newdale Newsletter

Volume 2, Issue 3

July 2016

FYI: The Consumer Confidence Report for the 2015 water system operation in the City of Newdale has been prepared and is available to residents upon request.

The sewer upgrade is in its final stages and should be completed this month.

Be Sewer Savvy

*Recently we had an issue where the sewer backed up into a home. When we investigated the problem we found many items blocking the lines. Some of those included clothing, wipes, adult diapers, feminine hygiene items, grease and other items. Please **DO NOT** put anything that is NOT FLUSHABLE and NON-BIODEGRADABLE into the sewer system.*

Thank You to all who participated and made our City Clean-up a success!

Congratulations to John Briggs, our Public Works Employee for completion of certification requirements for the drinking and waste water systems of Newdale.

For the safety of you and others, please obey all posted traffic signs; Speed, Yield, and Stop signs specifically.

During the coming month we anticipate the resurfacing of all paved roads in Newdale. Please keep vehicles and other personal items off of the city right-of-way.
