

## Special Announcement!

We have been waiting a long time to upgrade our Newdale City Park. After waiting a time to apply for a grant that would double our park funding we received word that we were granted \$225,000 to make improvements. Construction will begin as soon as weather permits. Therefore, we are not able to reserve the picnic area until the project is complete. We know that the improvements are going to be well worth waiting for. As soon as this project is complete we will be happy to resume scheduling of the park facilities.

Please be aware of the danger of construction sites and don't allow your children to play around the construction areas.

*Have you noticed the new fire station on main street? The building is coming along great, however the cold weather has halted the concrete work. We will be looking for community members to help out as volunteer fire personell. If you are interested let us know and we will refer you to the South Fremont Fire District. When the building is up and running your homeowners insurance should decrease. Everyone should contact your insurance company to let them know that there is a fire station in town.*

## Lets Celebrate!

It's time to start planning for  
"Newdale Fireworks July 9, 2021"

*We are going to begin taking DONATIONS to make this as big – if not better than 2019. We need at least \$5,000 to reach our goal. Please help us out by sending money in a separate check. You can drop it off in the city drop box by the post office. We will track it and keep you up to speed with our progress.*
